## PRICE LIST

I GUARANTEE every tuber to be true to name, and free from the slightest sign of any disease, such as stunt, mosaic and etc., as all of these are weeded out from my gardens long before digging time. I sell no green plants, nor do I propagate from any of my tubers, so that you get them as you should, full of life, vim and vitality, and with at least one good sprouting eye showing.

I further GUARANTEE to cheerfully refund the purchase price or give twice the amount in tubers the following Season, your choice — no questions asked. What I want is satisfied customers. All tubers are carefully packed in Peat moss, and shipped so that they will reach you on exactly the date you desire them, by Parcel Post, or Express at my expense.

If you are interested in growing new varieties, and want to get a real kick out of growing Dahlias, I have the finest seed that it is possible to grow, and is taken from my giant or large growing varieties only, at \$3.00 per 100.

From named Varieties \$5.00 per 100. Very few singles from these seed. Try a pack and be convinced.

*It is my sincere wish, that all of my customers join the American Dahlia Society, which is doing so much, to promote and place the Dahlia where it belongs, at the head of all flowers. The Society Bulletin full of Dahlia news is sent to all its members every three months, free of charge, and of great interest to the Dahlia growers. For further particulars write to Mr. William J. Rathgeber, Secretary, 198 Norton Street, New Haven, Conn.*

## FLOWERS OF THE BRONX

What more appropriate combination than the flower of Bronx girlhood and the most beautiful flower that grows in the borough? Here is Janette Adiletta, seventeen, admiring the newest creation in the world of flowers—the "Chrysopopean"—developed after eight years of experimentation by Albert Parrella, No. 3380 Ely avenue, The Bronx. The "Chrysopopean" may be difficult to spell, but it is easy to look at. Parrella grows thousands in his garden at the Ely avenue address.
